## The annual Coin Set 2011

The ordinary Coin Set includes the six coins in circulation.

The coins are minted with several strokes and are thus much more clearly embossed than the ordinary coins in circulation. The Coin Set is minted in a limited edition.

### The medal – Royal monograms

This set includes the medal in Nordic gold. The obverse of the medal shows The Royal Danish Mint's mark, a heart, under a crown, while the reverse shows royal monograms as a novelty.

### Proof Coin Set

The proof version also includes the six coins in circulation struck in 2011 and the same medal as in the ordinary Coin Set, but minted in fine silver.

The coins in the proof set are minted using at least three strokes with extremely well-polished dies on specially treated coin blanks in order to ensure their very fine quality. The proof set is minted in a limited edition.

### Purchase the Coin Set from 31 October 2011

The new Coin Set is on sale from 31 October 2011. The recommended retail price is DKK

200 for the ordinary version and DKK 875 for the proof version.

Some banks and coin dealers also accept orders.

### Coins in circulation for 2011

Only 2-krone, 10-krone and 20-krone coins are produced in 2011 for general circulation.

Many collectors have informed us that it can be very difficult to get hold of this year's circulating coins. As requested by the collectors, we therefore offer a small bag containing 1 2-krone, 1 10-krone and 1 20-krone coin for circulation struck in 2011. These bags are only available via the website, at a price of DKK 50 including VAT.

### The Queen's 40-year jubilee

A new commemorative coin will be issued on the occasion of Queen Margrethe's 40-year jubilee on 14 January 2012. Read more in the next newsletter, to be issued in December 2011.

### The next ship coin

The 11th ship coin will be issued in the spring of 2012.
